

<b>Mucosal Immunology Article Type</b>	<b>Description</b>	<b>Abstract</b>	<b>Unsolicited considered?</b>	<b>Word limit / tables/ figures</b>
Article	Contributors of original research should review “Key factors for publication consideration in original research,” below. All submissions of original research will be judged against these criteria.	Unstructured Abstract of max 200 words; Graphical abstract optional (See “Preparation of Articles”)	Yes	5,000 words excluding Abstract, References, Tables, and Figures; 50 References max; Figures/ Tables: 10 max
Review	Comprehensive analyses of specific topics in mucosal immunology. Both solicited and unsolicited review articles will undergo peer review prior to acceptance.	Unstructured Abstract of max 150 words; Graphical abstract optional (See “Preparation of Articles”)	Reviews are usually solicited by the Editors. Proposals for reviews may be submitted via the Editorial Office; outlines of the proposed paper are preferred.	2,500-6,000 words including Abstract but excluding References, Tables and Figures. No max References.
Brief report	To facilitate rapid publication of cutting edge scientific and technological advances in mucosal immunology	Unstructured, up to 200 words. Graphical abstract optional (See “Preparation of Articles”)	Yes	Up to 3500 words. 50 max References; maximum 4 figures and/or tables and up to 4 supplementary figures or tables. Results and discussion should be combined.
Comment	Typically highlight findings of a manuscript in the same or past issues of Mucosal Immunology. Also include short manuscripts that address findings published elsewhere or more general topics that are pertinent and timely. Comments can include opinions or pointed discussions that address controversial topics, or that present new hypotheses.	No Abstract required; however, manuscripts should include an Introduction of max 75 words. Graphical abstract optional (See “Preparation of Articles”)	Only by invitation of Editors; however, proposals may be submitted to the Editorial Office.	1,600 words excluding References, Tables and Figures; References: 10 max; Figures/Tables: 2 max.
Resource	Aim to showcase significant technical innovations or large datasets that are valuable to the journal’s readers. Submissions should include a proof-of-principle demonstration for new technologies or propose new biological insights derived from data analysis.	Unstructured, up to 200 words. Graphical abstract optional (See “Preparation of Articles”)	Yes	The main text should be limited to 5,000 words, excluding the Abstract, References, Tables, and Figures. Authors can include up to 50 References and 10 Figures or Tables.
Correspondence	Should address issues concerning recently published information in Mucosal Immunology. A	No Abstract required. Graphical	Yes
