[Tables and Figures]

- Must be provided 1.5 to 2 times larger than the desired reproduction size. All must be fully displayed (without being cut off), in good quality, and large enough to see in the printed version of the journal.
- Figures must be uploaded as separate files (not in the manuscript file). Do not include captions in these files.

- Indicate where you would like to show the Figures, like [----- was observed during the ----- (Figure 1)], [----- as shown in Figure 3.]
- Tables can be placed either next to the relevant sentence in the main text or on separate pages at the end of the manuscript file.
- Submit Tables as editable text, not as images.
